

# SR&ED Pharma

SR&ED (Scientific Research & Experimental Development) is the government program that rewards companies that perform R&D in Canada. The program makes Canada a more economically competitive and technologically advanced nation and it has been in existence since the 80's. The Canadian incentive program is one of the most generous R&D programs in the world. This is not a grant – you are entitled to this money under the Income Tax Act.

**Most pharmaceutical companies qualify for this program.**

If you answer yes to any of the following questions you could be sitting on an untapped refund.

- Is your pharmaceutical company incorporated?
- Do you develop new pharmaceutical products or medicine?
- Are you involved in Phase I- Phase IV clinical trials?
- Do you obtain consent from clinical trial participants?
- Do you follow all formal regulations, requirements relating to the development of medicines or pharmaceutical products?
- Have you acquired an advancement in knowledge in a field of science or medicine?

**There are only 3 criteria for eligibility plus evidence**

- Scientific uncertainty
- Scientific advancement
- Systematic investigation
- *plus* Technical content

**You could qualify for a refund for your SR&ED projects.  
But how do you get approved? ASK US!**
