

SR&ED Pharma

SR&ED (Scientific Research & Experimental Development) is a government program that rewards companies that perform R&D in Canada. The program makes Canada a more economically competitive and technologically advanced nation and it has been in existence since the 80's. The Canadian incentive program is one of the most generous R&D programs in the world. **This is not a grant – if you qualify, you are entitled to this money under the Income Tax Act.**

Most pharmaceutical companies qualify for this program.

If you answer yes to any of the following questions, you could be sitting on an untapped refund.

- Is your pharmaceutical company incorporated? Do you have a BN?
- Do you develop new pharmaceutical products or medicine?
- Are you involved in Phase I- Phase IV clinical trials?
- Are you a CRO (Contract Research Organization) involved in pharmaceutical trials?
- Do you obtain consent from clinical trial participants?
- Do you follow all formal regulations, requirements relating to the development of medicines or pharmaceutical products?
- Have you acquired an advancement in knowledge in a field of science or medicine?

There are only three criteria for eligibility plus evidence:

- Scientific or medical uncertainty
- Scientific or medical advancement
- Systematic investigation
 - *plus* Technical Content

You could qualify for a refund for your SR&ED projects.
How do you get approved? ASK US!
